Professional Summary

Aspiring web developer with a Master's degree in Mathematics and a solid foundation in full-stack development. I am passionate about crafting responsive, user-friendly web applications using modern technologies. Committed to continuous learning and improvement, I thrive in dynamic environments where I can contribute to innovative solutions and enhance user experiences.

Education

- **Master's Degree in Mathematics**
  /Western Governors University/
- **Bachelor's Degree in Mathematics**
  /Addis Ababa University/
- **Full Stack Development Training**
  /EVANGADI 2024/

Technical Skills

- **Front-End Development:**

  - HTML, CSS, Bootstrap, React, Vite
  - Expertise in building modern, responsive user interfaces with a strong understanding of design principles for cross-browser compatibility.

- **Back-End Development:**

  - Node.js, Express
  - Proficient in creating APIs, handling HTTP requests, and managing databases for full-stack solutions.

- **Database Management:**

  - MySQL, MongoDB
  - Experienced in data storage, retrieval, and management for web applications.

- **Version Control & Collaboration:**

  - Git
  - Skilled in Agile environments, with experience in both independent and team settings.

- **Build Tools & Optimization:**

  - Vite
  - Focused on performance enhancements and efficient project setups for high-speed applications.

- **Problem-Solving & Attention to Detail:**

  - Strong analytical skills with a meticulous approach to designing user-friendly interfaces and optimizing performance.

Projects

- **Responsive Website Development:**

  - Developed a responsive website using HTML, CSS, React, and Bootstrap, ensuring compatibility across devices and implementing custom styling for enhanced user experience.

- **E-Commerce Clones:**

  - **Amazon Clone:** Developed a fully functional e-commerce platform featuring product listings, shopping carts, and user authentication.
  - **Netflix Clone:** Created a dynamic streaming platform with API integration, responsive design, and user-friendly navigation.

- **Portfolio Website**

  - **Designed a personal portfolio to showcase skills and projects, featuring custom CSS effects, animations, and interactive elements highlight my development capabilities.**

- **Evangadi Web Page:**

  - **Developed a responsive web page focused on user interaction, incorporating feedback mechanisms and a user-friendly interface.**

- **Hands-On Training Projects:**

  - **Completed various full-stack development projects utilizing React, Node.js, Express, and MySQL, gaining practical experience in building, testing, and deploying web applications.**

Relevant Coursework

- **Web Development Fundamentals:** Gained foundational knowledge in HTML, CSS, JavaScript, and responsive design principles.
- **Database Management:** Explored MySQL and MongoDB for efficient data handling and storage solutions.
- **Software Development Lifecycle:** Studied Agile methodologies, focusing on iterative development and collaborative team dynamics.

Certifications

- Full Stack Developer | Evangadi Network inc. | October 2024

Personal Statement

- **I am dedicated to leveraging my mathematical background and technical skills to solve complex problems in web development. I believe in the power of technology to enhance everyday experiences and am eager to contribute my creativity and analytical abilities to a forward-thinking team.**
